IN THE LAST TEN YEARS

Freddie:

I still help out at the funeral home when needed, so I'm not totally retired. Seems like I stay busy but don't ask me what I do. It sure doesn't take me long to pack a bag to hit the road or to drop everything and go play bridge.

And of course the time spent with grandchildren, the older ones, is mainly during the summer at the lake. However we have a three year old grandson that loves to come to Cozad to play with Nanie and Pappa. Unlike Jerry (Gerald), I am not looking forward to the next 50 year reunion. The golden years are not quite what UI expected. They are a little tarnished.

Gerald:

I remained active in the generations of three funeral homes and two branch funeral homes. In 2004 the corporation was sold to our son, Troy. After a series of three heart procedures, retirement was total. Thankfully surgery and re-hab have been successful. I am looking forward to the next 50 year reunion.
